

Oscar Manzano

Senior UX/UI Designer

"I am passionate about designing digital products, combining my user experience and visual design skills to achieve measurable results."

Professional experience

Senior UX/UI Designer

Goal Systems (February 2021 - Present)

UX/UI Consulting. I work in collaboration with different teams and stakeholders to design a robust and powerful product used in many countries. I also contribute improving the Design System (DSM) to ensure consistency in all the pieces of software we craft.

Senior UX/UI Designer

Smart Technologies - Canada (July 2020 - February 2021)

Collaborative work (remotely) with UX team for the definition and ideation of use cases, scoping, benchmarking, research, wireframing or interaction design. Designing new features and improving existing ones.

UX/UI Consultant

Campfire I.T. & Digital - UK (March 2019 - present)

UX/UI consultancy, mainly for companies related to education and health.

Senior UX/UI Designer & Frontend Developer

ImmedialT Software (July 2019 - December 2019)

A variety of projects for customers in the aerospace industry. Interface design for complex ERP systems.

UX/UI Designer

Randed (September 2017 - March 2019)

Security-thru isolation software development. UI Kit, Style Guide and information architecture creation. Research, user tests and heuristics during the whole process.

UX/UI Designer

Orcha Healthcare - UK (October 2016 - July 2017)

Style guide design for technological health platforms in collaboration with NHS, including in-lab tests.

UX/UI Designer

Enova IT Solutions (January 2015 - August 2016)

User experience methodologies applied to ecommerce platforms. Research, user journey and architecture information development.

UX/UI Designer

Freelancer (March 2013 - December 2014)

Side-to-side design of digital solutions and user experience's consulting.
